Dear participants,  
welcome to the Training VRE. We have created this VRE to support the ITINERIS VRE #training. It is equipped with the following facilities:

- \* Analytics Framework: JupyterLab, RStudio, Analytics Engines (CCP)
- \* Workspace cloud storage: for sharing files and folders on the cloud, where you will also find some course material useful for the hands-on sessions.
- \* Catalogue: for publishing research products
- \* Docs

Safe Travels and see you soon.

later today, we will have a look together at the improved version of the survey. This new version is already available at <https://wnfree4.isti.cnr.it> with an additional (very very simple!) survey to suggest experts to be interviewed.

the Working Document 1.1 "Guidelines to Digital Game Changers Assessment" is ready as well, please find it here: <https://data.d4science.net/hon6>
